All publications will be disclosed after close of trading.

About BIO-UV GROUP

Created in 2000, BIO-UV Group designs, manufactures and markets innovative ultraviolet water treatment systems. The range of equipment developed by the Group is aimed at several markets:

- The recreation market, on which BIO-UV Group is no. 1 in France and in Europe for UV water treatment in residential swimming pools, and for the public and semi-public community pool de-chlorination market;
- The municipal and industrial markets, on which specific ranges have been developed for applications such as: purification, effluent treatment, wastewater reuse, process waters, aquaculture, etc.;
- The ballast water treatment market, which has benefited since 2017 from a new international regulation requiring all ships to have equipment to treat their ballast water.

In 2017, BIO-UV Group generated revenue of €10.2 million and EBITDA of €1.1 million, representing an EBITDA margin of 11.1%. As of 31 March 2018, the Group had 61 employees.

BIO-UV Group has been granted the "Entreprise Innovante" label by Bpifrance and is eligible for the French "PEA-PME" investment scheme.
